

MIDTERM EXAM ESSAY QUESTIONS

The purpose of giving you a heads up on these two questions is to give you time to think and prepare. Expect to find the following on your midterm exam:

PEI NEWS

You have been spending time this term watching the Guardian for current events. You should have picked up on quite a bit of Island news by now. For this essay I would like you to choose two(2) news stories which you think these are important issues on PEI right now.

SURVIVAL OF A CULTURE

For this essay you have a choice. You can choose to write about survival of the Mi'kmaq culture on PEI **OR** survival of the Acadian culture on PEI. We have studied how these two groups of peoples made lives for themselves on the Island, faced great obstacles yet today still have a strong presence in Island society. There is much to commemorate (remember) and celebrate in both their stories. Your essay will explain this for your choice topic.
